

Accommodation Information Pack

Sully House is UmPhafa's primary accommodation facility and provides comfortable accommodation for all our interns and research students.

Bedrooms

We have 3 dormitories in Sully House:

- 1 room with 6 beds
- 2 rooms with 4 beds

Dormitories are single sex, with bunk-beds and lockable wardrobes available for storing belongings, and will be shared with other interns or researchers on placements.

Under-sheets and pillows are provided, although a sleeping bag, liner and towel must be brought with you as part of the personal kit.

Communal Spaces

The house is fully equipped with hot water showers, electricity, and laundry facilities. Unlimited Wi-Fi access for emails and social media is available. There is a communal living room, dining room, kitchen space, and veranda. Feel free to also bring DVDs or hard drive to watch films in the living room.

The kitchen is fully supplied with cooking facilities and residents are encouraged to plan and cook main meals together. Three good meals a day are covered by the placement cost and all interns and researchers compile a weekly shopping list themselves.

A housekeeping and laundry service is provided although it is the responsibility of all residents at Sully House to keep the kitchen clean and tidy after main meals and at weekends. Sully House often hosts braais (bbqs) which are great social opportunities for the staff and interns. The local farm stall sells various game meat and other local produce for you to try.
